II. Mining and Reclamation

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? 580 tons

3. How much **additional acreage** was disturbed during the past year? none
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

Five hundred and eighty tons of rock was removed by means of a backhoe and breaker. A small area, 1/5 of an acre, was dug into on the side of a mountain and the rock was removed.

5. How much acreage was **reclaimed** during the past year? none (continually active mine)
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

None

7. What is the **total disturbed acreage** at years end? 1/5 of an acre

8. Briefly summarize any mining and/or reclamation plans for the upcoming year.

We plan to continue excavating and removing uncommon variety building stone from the same pit.

**NOTE:** Section III., "Additional Information" applies only to large mining operations.

### **III. Additional Information**

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
